## **1 INTRODUCTION**

- 1.1.1 This Pre-Application Consultation Report has been prepared by Wardell Armstrong LLP (WA) to comply with the statutory requirements for public consultation stipulated by the Town and Country Planning (Scotland) Act 2006. These became effective on 3 August 2009 via the Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2008 and are updated in the Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2013. This was temporarily amended following the adoption of the Coronavirus (Scotland) Act 2020. Further details are provided below.
- 1.1.2 The report accompanies an Application for Planning Permission, which seeks to establish the Killoch Energy Recovery Park at Killoch, near Ochiltree in East Ayrshire.
- 1.1.3 This report sets out the steps taken to comply with and exceed the statutory requirements of the pre-application process, which included an online consultation which ran for 9 weeks, within the statutory 12-week consultation period.
- 1.1.4 The application site has been described in the Proposal of Application Notice (PAN) as the 'Killoch Energy Recovery Park', which will incorporate an energy recovery combustion facility with associated stack and ancillary infrastructure and is identified on the location plan (Ref. GM11372-004 Site Setting).
